Little Rock, March 18.—(AP)—Many Arkansas' public school districts are reporting a money shortage, and eight of them have closed for the school year.

One hundred and six are planning to close before the scheduled June 1st school term begins, a state-wide survey covering 60 counties showed.

County-by-county, the picture included:

Benton.—Rogers district may miss full term by two weeks, but Benton will close April 30.

Clark.—Schools at Arkadelphia and Clark will close early.

Columbia.—Only two schools face closing before end of regulation term.

Conway.—Memo Vista district at Center Ridge closed Friday. Conway district will close 20 days short of deadline.

Craighead.—Cass district closed March 9. Dixie, Lake City and Monette will finish eight months on term. Egypt district will close early.

Cumberland.—County supervisor Roy Morgan said some schools may have to close five to six weeks early.

Greene.—Greene County Tech high school district, one of the largest rural districts in the state, closed Friday. Four other high schools may have to close early.

Little River.—Two schools face closing early unless emergency funds are made available.

Mississippi.—Apparently, all schools will be able to operate for at least eight months.

Ouachita.—Schools for Negroes will close April 27, but all white schools will remain open for full term.

Phillips.—Clarendon district will close at end of eight months, and Phillips district will close ten days short of full term.

Pope.—Heeler and Polkville will have eight-month terms, and Dardanelle schools will close April 27.

White.—Rose Bud school closed Friday. Arkite, Bradford and Griffithville will operate for eight months.

## Vandenberg Shows No Improvement

Grand Rapids, Mich., March 19.—(UPI)—Sen. George H. Vandenberg has shown no improvement in the last 24 hours, his spokesman, Dr. A. W. Smith, reported.

The Michigan Republican, a four-term senator, will be 87 Thursday.

## Dr. Abington of Beebe, Succumbs

Beebe, March 19 (AP).—Dr. W. H. Abington, veteran state senator and a Beebe physician and drunkard for more than half a century, died today. He was 81.

Dr. Abington, who missed part of the 1951 legislative session because of a broken arm and was absent when his colleagues paid tribute to him on the last day, died in a Beebe hospital.

Senator Abington was an outspoken critic of the American Medical Association, of which he was a member, terming it the biggest monopoly in the United States.

He was just as strong an advocate of aid for old people. He was embroiled in many political rows in his home district, especially over Beebe Junior Agriculture college.

It was during the present session that Senator Abington made a national radio program. Some one had either stolen or "detained" some hunting dogs in his county and it made him mad.

He introduced a bill making it a felony for such a theft. Everyone agreed with the doctor, but when the bill came to the floor of the senate for a vote, one member voting with the bark of a dog instead of the usual "aye."

This gave a local radio station an idea, so it sent a man to the senate with a recording machine. During the lunch hour the senators gathered around the mike and after "Doc" had made a plea for his bill the roll was called to the sound of barking dogs."

## DOROTHY DIX

### Stepchildren

Dear Miss Dix: I am a widow, 34 years old, financially independent, with a good job and no children. I am settled in my ways, good-natured and very fond of children. An old friend of school days, a widow of 28, has asked me to marry him. He has a nice home and a good business in a small town, and two children, 7 and 8 years old. We are just as romantically in love with each other as if we were boy and girl, but if we marry do you think there will be any chance of happiness for us, or would his children forever stand in our way?

I feel that I could very easily fit into their lives, but my frenzied mind that I would be making the mistake of life to give up a good job to be a stepmother. What do you say? HELEN

Answer: I think, on the contrary, that you would be throwing away a great chance for happiness by refusing to marry this man and mother his children. Certainly it is a fine thing for a woman to have a job and be self-supporting as you are, but it is a better thing for her to have a home of her own and a man and children to love and care for and make comfortable, instead of just working for herself.

Teen-Agers Difficult  
Teenagers are the most difficult to deal with. I grant you that the problem of being a stepmother is one to make even the boldest stop and think, and in a case where the children are in the early teens, when all youngsters are hard to manage, I should think that none but the foolhardy would tackle the undertaking. But for his bill the roll was called to the sound of barking dogs."

Dear Dorothy Dix: When was I 15 years old I used to go with some boys and girls. Like all other youngsters, we did a little kissing and necking. Nothing more, and the kisses were really children's kisses that meant nothing. My husband knew all about this at the time of our marriage, but he seems to have no belief in them, but it takes more optimism than most women keeps bringing it up; reproaching possess to have faith in a man who

### FIRST IN A SERIES OF STORIES ABOUT THE MEN WHO MAINTAIN AND RUN THE BIG INCH NATURAL GAS SYSTEM IN YOUR COUNTY.

JIM ARTHUR\* is an enthusiastic attendant to the 10,000 mechanical horses that pump natural gas in this Texas Eastern compressor station.

Like other Texas Eastern men near your community, he has one big objective in his job: to keep natural gas moving through the Inch Lines 24 hours a day, every day in the year.

On his skill and conscientious work depends the steady operation of giant compressors which boost the gas along to homes and industry — industry which, today, is working at top speed to fill our increasing national defense requirements.

Oiling scores of huge pipe line valves is another never-ending chore for Jim Arthur. Valves may only be opened or closed once a month, but then they must operate with hair-trigger efficiency.

\*Jim Arthur's name is fictitious. He represents the men who, in real life, work at 25 natural gas compressor stations on the Inch Lines.

## TEXAS EASTERN TRANSMISSION CORPORATION

Owner and operator of the Big Inch and Little Big Inch pipe line system, is represented in community life of 100 states where its employees live and work. Home office of Texas Eastern is at 306 Main St., Shreveport, Louisiana.

According to the 1950 census, 25 per cent of all renters of non-farm dwellings were paying \$50 or more per month in rent, while in 1940 only 7 per cent were paying that much.

The number of home owners in the United States increased 71 per cent from 1940 to 1950. The number of renter-occupied units increased by only 5 per cent in the same period.

Answer: Your husband must be the great original trouble-hunter. If he can get all hot and bothered and pea-green with jealousy over your having kissed a boy when you were 15, it sounds as if he were very silly and had no knowledge whatever of modern society.

But you are dealing with your problem from the wrong angle. You are taking your husband seriously and believing all he says. Laugh at him. Ridicule him. Make him see what a fool he is making of himself by making a mountain out of a molehill. And dig up his past, and find some girl that he has kissed and throw her in his face.

Dear Dorothy Dix: I have been married 25 years and have worked the entire time. My husband has never had a regular income. He has been one of those who is always about to make a million and never makes the rent money. Now I have reached the point where I am tired and discouraged and hopeless. I have kept up the spirit of the family until I am now too weary to care much, but my husband insists that I do not give him enough encouragement. Don't you think I have done my share? And what can be done with a man like him?

Answer: It seems to me that a woman who has supported her husband for 25 years has done her part and should not be expected to keep his ego inflated in addition. A common alibi for failure among husbands is that their wives do not believe in them, but it takes the test of many millions of users to believe CREAMULSION.

## Compound Helps With Reducing Nervous Feel- ing of Change of Life'

Mrs. Anna B. Walker, 50, has reported remarkable benefits. No other medicine of this type for women has such a long record of success and use.

A Doctor's Advantage.—Regular use of Lydia Pinkham's Compound helps build up resistance against such middle-age changes as nervousness, restlessness, and forgetfulness. ## High School PTA Study Group Ends

The Hope High school P. T. A. study group held its last discussion for this school year on Friday, March 16, at 2:15 p. m. in the house cottage, with the chairman, Mrs. H. L. Hancegan, in charge.

Mrs. Hancegan announced the first topic for discussion would be "Choosing a Career," and introduced Mr. Horace Hubbard, the vocational guidance director for the local school, who spoke in a most interesting and informative manner beneficial to all parents present. Mr. Hubbard stated that parents and teachers are examples for our youth and that we should have understanding, sympathy and advice in helping high school graduates choose their careers, but let them make their final decision on whether or not they will go to college and which college it will be. Part time jobs, hobbies and leisure time activities for students were advised by Mr. Hubbard. All members present took part in the discussion which followed.

Mrs. Catherine Howard revealed an article from the P. T. A. magazine on "Jubilant Spirited Youth," giving several incidents where Girl Scouts, Boy Scouts and other youth from a number of states had planned and completed by themselves projects for the betterment of communities after which Mrs. Hancegan and others cited instances wherein our own Hope students had exhibited they were public spirited. The discussion closed with all believing a worthwhile project will be done by youth if they are only given a chance.

Following the discussions, coffee and cookies were served to 10 members by Mrs. Hancegan, assisted by practice teachers, Miss Irene Knauf and Miss Jo Ann Rachus and four home ec students, Sara Lauterbach, Jean Robertson, Joy Kennedy, and Betty Mitchell.
